QUARTERLY REPORT ON CONSOLIDATED RESULTS FOR THE THIRD QUARTER ENDED
31 MARCH 2013

The figures have not been audited

1. Basis of preparation

The interim financial report is unaudited and has been prepared in accordance with Malaysian Financial Reporting Standards (“MFRS”) 134 “Interim Financial Reporting” and the applicable disclosure provisions of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and should be read in conjunction with the Group’s audited financial statements for the financial year ended 30 June 2012. This interim financial report also complies with International Accounting Standards (“IAS”) 34 “Interim Financial Reporting” issued by the International Accounting Standards Board.

The accounting policies and presentation adopted for this interim report are consistent with those adopted in the audited financial statements for the financial year ended 30 June 2012 except for the following transitional exemptions arising from the adoption of MFRS:

a) Foreign currency translation reserve

Foreign currency differences were previously recognised in other comprehensive income and accumulated in the foreign currency translation reserve (“FCTR”). As at the date of transition to MFRS 1, the cumulative amounts in the FCTR were reclassified to the retained earnings of the Group.

b) Property, plant and equipment

As at the date of transition to MFRS 1, certain property, plant & equipment previously stated at cost were fair valued and their fair values were regarded as deemed cost. The relevant differences were recognised to the retained earnings.

c) Investment properties

Investment properties were previously accounted for using fair value model where investment properties were initially measured at cost and subsequently at fair value with any change therein recognised in the profit or loss for the period in which they arose. The Group has elected to measure its investment properties using the cost model. As at the date of transition to MFRS 1, the fair value of the investment properties were regarded as deemed cost. However, this change in policy has not resulted in any financial impact on the interim financial report of the Group.

For the quarter under review, the Group recorded a revenue of RM553.4 million as compared with RM559.4 million recorded in the corresponding quarter of the preceding year ended 30 June 2012 ("FY 2012").
